

BestCare Treatment Services is proud to be one of the longest-term providers of alcohol & drug rehabilitation and mental health services in the Central Oregon region. We got our start in November of 1997, thanks to a partnership between Deschutes County, State of Oregon, St. Charles Medical Center and the Central Oregon District Hospital. From a modest, singular drug rehab center, we have grown to offering residential and outpatient services in four cities in addition to the only Spanish-speaking alcohol and drug rehab facility in the state. We have helped thousands of people find the help they need in a caring and collaborative environment and we remain true to our founding mission:

To advocate and provide compassionate care in the treatment and prevention of addiction and mental illness.

As an agency, BestCare has a family feel with a supportive staff of hard-working professionals whose compassion and dedication is unmatched in our industry.
